# Democracy Is Dead: Long Live Democratorship (Part III) – Essay

December 23, 2023 0 Comments

By Prof. Dr. Sabahudin Hadzialic

As said at the beginning of this “never-ending” story back on 10.11.2023 and on 30.11.2023 democracy is dead, but we just don't know that yet, anywhere in the world.

Well, the most recent analyses by ISW (Institute for the Study of War) from Washington, D.C. underlines that we might be expecting new war(s) around the world sooner than expected. Finland or Moldavia or Bosnia and Herzegovina or Kosovo or Taiwan, maybe? That does not matter anymore.

Why? Because the premises of the hypothesis of the ISW and of any of respectable institutes are wrong. Why? Because the truth is much more bitter and could be seen, but our eyes are blind.

Why? Simply, because, we do not want to accept that “free market of capitalism” really means free of everything, including free of the open minded, and free of people who know that my freedom stops when violates somebody's else freedom.

Yes. The new War will come but not because of any existing dictatorship or its willingness to spread control over certain territories or people, but because of “needed” production of military products around the world. Because if you produce a weapon and ammunition, you have to use

## What's At Stake In Upcoming Taiwan Election – Analysis

December 23, 2023 0

By June Teufel Dreyer (FPRI) — On Saturday, January 13, 2024, Taiwan will

it to be able to produce new ones, very soon, just as milk or butter, although, weapons and ammunition can last longer than milk and/or butter. Stored. A little bit longer.

So, whenever you read sentences like this: *"Our Next 'Unthinkable' Crisis: Nuclear War in Asia?"*, please read it as: *"Agreement made between hidden world powers behind the scene, who makes deals connected with military products."*

Why? Ideologies are dead and democracy is covered up for the pure and simple focus on making money by all means, done by many for the benefits of few, where many will lose their lives for *narrow minded democracy* covered with "for the people, of the people" while millions gets robbed and killed not only by the enemies, but also because for the benefit of the few linked with military lobby in the world.

Have you noticed how much they (countries) loved each other in the past, than after a few years they didn't, or even humans pro and against each other.

For example, Donald Trump just few days ago (16.12.2023) said about immigrants: *"They're poisoning the blood of our country. They're coming into our country from Africa, from Asia, all over the world."*In the same time he forgot that his grandfather **Friedrich Trump** came to the USA from Germany (Kingdom of Bavaria in that time: 1885) as....wait for it...immigrant!

Democracy has a lot of faces. In one hand, open hands to other and those who are different through the procedures but on another it is making possible different kind of bumps who become even a President of the USA. Instead of making equal between rights and responsibilities, it makes right the king of choices and responsibilities to became...the zero of the expectations.

In front of us is 2024, for sure a turbulent year within the global expectations. With elections in the USA, and in Europe for the European Parliament, we might be just copy and paste what happened in the Netherlands, and Hungary where fascist chauvinists came to power.

So, as the **DOORS** sang in the THE END, as prophets, back in 1967:

"This is the end, beautiful friend  
This is the end, my only friend  
The end of our elaborate plans  
The end of everything that stands

The end  
No safety or surprise  
The end  
I'll never look into your eyes again

Can you picture what will be?  
So limitless and free  
Desperately in need of some stranger's hand  
In a desperate land

Lost in a Roman wilderness of pain  
And all the children are insane  
All the children are insane  
Waiting for the summer rain

There's danger on the edge of town  
Ride the king's highway  
Weird scenes inside the gold mine  
Ride the highway West, baby

Ride the snake  
Ride the snake  
To the lake  
The ancient lake, baby

The snake is long  
Seven miles  
Ride the snake  
He's old  
And his skin is cold

The West is the best  
The West is the best  
Get here and we'll do the rest  
The blue bus is calling us  
The blue bus is calling us  
Driver, where are you taking us?

The killer awoke before dawn  
He put his boots on  
He took a face from the ancient gallery  
And he walked on down the hall

He went into the room where his sister lived  
And then he paid a visit to his brother  
And then he, he walked on down the hallway  
And he came to a door  
And he looked inside

"Father?"  
"Yes, son?"  
"I want to kill you"  
"Mother, I want to..."  
Come on, yeah

Come on, baby, take a chance with us  
Come on, baby, take a chance with us  
Come on, baby, take a chance with us  
And meet me at the back of the blue bus  
Doin' a blue rock on a blue bus  
Doin' a blue rock, c'mon yeah!

Fuck, fuck-ah, yeah  
Fuck, fuck  
Fuck, fuck  
Fuck, fuck, fuck, yeah  
C'mon baby, c'mon  
Fuck me baby, fuck yeah

Fuck, fuck, fuck, fuck, yeah!  
Fuck, yeah! C'mon baby  
Fuck me baby, fuck, fuck yeah  
Whoa, whoa, yeah, fuck, yeah  
C'mon, yeah  
Alright

Kill, kill, kill, kill, kill...

This is the end, beautiful friend  
This is the end, my only friend  
The end

It hurts to set you free  
But you'll never follow me  
The end of laughter and soft lies  
The end of nights we tried to die

This is the end"

You do not believe me? [Ask Mark Zuckerberg why he is preparing a sanctuary underground atomic bunker.](#)

Nevertheless, hope dies last.

Does it?

Or we are shaking a dead horse?

*P.S. Merry Christmas and Happy New "post human" Year, 2024.*
