Dear brother Aziz,

Magazine looks great, as usual, and getting better from the every issue and on and on...It has been published already on my official <http://sabahadzi.weebly.com/turkey-1052016.html>

Thank you for the publishing of my nomination for the professor in Rome (I am flying there on 12.6.-16.6.2016 for the recordings of my lecturing - I have got my own subject "Media Ethics in professional journalism" based on my own Syllabus). In late fall (you have it on my FB status already that info) I will be coming in Turkey again and doing lecturing of Media Ethics as well at Muş Alparslan University, from Muş, Turkey for seven days. I have been invited from them. Looks like good words spreads easily around the world.

Again, for No 52., please do find new aphorisms. Also, I have enclosed my photo to replace the one you use near by my aphorisms. This one is better.

Sincerely,

~ Sabahudin Hadzialic,
